## CLEAR PLASTICS FOR PROTECTION AGAINST COVID-19

Sealtech Supply Inc. Inc. now offers clear plastic sheets as a response to COVID-19 and an explosion in market demand. As we continue to attempt to grasp what the new world may look like post virus, we believe this isn't a market trend but the new reality. Our number one priority is the health and safety of our customers, consumers and essential workers.

We can provide standard sheets or finished parts.

Due to its clarity properties, polycarbonate and acrylic are in especially high demand. Some common uses for these plastic sheets are listed below:

- **Safety barriers, dividers, guards and shields: used in checkout lines at grocery and retail stores, and public transportation**
- **Face shields and masks**
- **Protective boxes for medical field**

Available in many sizes and thicknesses, contact us for more information!

7305 Bramalea Road • Unit 1 • Mississauga • ON • L5S 1W4 • 905.362.0889
